Selfie Frame Project

The Selfie Frame Project, comprising 5 sturdy galvanized frames have all been manufactured and installed with the help of Clinton Millard of Multi Security, Frames can be found at the Big Pineapple in Bathurst; West Beach, Kellys Beach and Small Boat Harbour in Port Alfred and at Kariega Main Beach, Kenton on Sea.

The next phase is to paint and brand the frames, and this will take place over the next couple of weeks. We are pleased to say that the frames have proved to be very popular, even before they have been completed, with a flood of photographs already populating various social media platforms and blogs. When completed, each frame will bear the location and GPS co-ordinates.

East Beach Project

Port Alfred has some of the most breathtaking stretches of beach along the eastern seaboard of our country. Not only do residents choose to live here and tourists choose to visit because of its natural beauty, but also for the small town safety and security aspect. We are choosing a proactive approach to ensure residents and visitors continue to feel safe on our beaches. Following the recent success of Multi Security/Business Forum East Beach Patrols during the December and Easter, resulting in zero incidents, it has become clear that these patrols cannot be a once off occurrence. It is therefore imperative that we work together towards getting patrols up and running 7 days a week from 6am to 6pm daily. To do this, we need funding and would like to put a plea out to all businesses, residents and shareholders in our town. to consider a monthly donation towards the Business Forum Beach Patrol fund. Let's work together towards a safer beachfront for all! To find out more about how you can contribute towards the beach patrol fund contact Clinton on multisecurity@telkomsa.net
