SUNSHINE COAST SOUGHT AFTER FILMING LOCATION

The sweeping beauty and pristine outdoor environment of the Sunshine Coast has caught the attention of international film makers. This past week, the final episode of the hugely popular 36 part Survivor-Return of the Outcasts series was aired on on M-Net's Channel 101. The series was shot on locations along the Fish River Beach, Kap River and Fort d'Acre.

No sooner was the final episode of Survivor filmed, before BBC Channel 4 moved in to film a new British reality TV show. The series is set to be screened in the U.K. and other European destinations and will feature spectacular scenery filmed on the Sunshine Coast. As if this were not exciting enough, two more shows are set to be filmed on the Sunshine Coast within the next few months.

The reason why producers are clamouring to film in this area is because of the long stretches of unspoilt beauty along our coastline, offering easy access to the beaches, close proximity to amenities and freedom to film in areas where there is little human habitation. Great care is taken to ensure that environmental plans are strictly adhered to so as ensure that the area remains pristine and unspoilt.

What this flurry of activity leaves us with is excellent exposure for tourism, and peaks interest from potential investors looking to invest in property, or simply to make lifestyle changes. Our surrounding villages and towns have a lot to offer to would be investors. In addition, the actual filming offers local job opportunities.

SUNSHINE COAST TOURISM TEAMS UP WITH SANPARKS

A partnership has been forged between SanParks Addo and Sunshine Coast Tourism offering the very best of Beach and Bush. The partnership was borne when honorary Ranger, Doug Swanson, president of the Sunshine Coast Tourism and Chamber of Business in Kenton, set up a meeting between SanParks and the Sunshine Coast Tourism team of Jo Wilmot and Sandy Birch.

This culminated in Rosslee Wagenaar (Regional Manager of SanParks Garden Route) and Yoliswe Matwas (Addo Elephant Park Manager) being invited to experience the magic of the Sunshine Coast. The team was hosted by tourism and got to experience some of the highlights of our world. In return, this past week-end the Addo team hosted Sunshine Coast for a recce of what Addo has to offer.

What this essentially means for us, is that we are now the official Beach partner for Addo, allowing for cross marketing opportunities. The Addo National Park borders Cannon Rocks and stretches along the Woody Cape forests in Alexandria.

East Beach Patrols

We care about your safety and peace of mind, and so the Port Alfred Business Forum and Multi Security are happy to confirm that daily beach patrols are on going at East Beach, Port Alfred.

We thank everyone who has contributed towards this effort so far. This has allowed for the purchase of a 4 wheeler for patrols and personnel to carry out the patrols.

Multi
Security
Services

The continuation of this programme, however, relies on community support. Many of our residents make regular use of East beach and we urge you to please get in touch with Tourism for more information on this programme. Your donation, no matter the amount, will go a long way to ensuring the continued success of this very important project.

PORT ALFRED

PARK RUN

Photo: parkrun.co.za

The Port Alfred ParkRun is a free, fun and friendly weekly 5km community event. You can walk, jog, run, volunteer or spectate ---- its all up to you!

The ParkRun is held every Saturday at 8.00 and takes place at the Port Alfred Town Hall in Causeway Road.

There is no fee to join or to take part. Do register before you come along - you only need to register once. You will get a barcode when you register and you need to bring this along so that the your time can be recorded.

Note : the ParkRun is not a race. Take part for your own enjoyment. Come along an join in whatever your pace!
